

Distinguished Educator Award – Nomination Form

Sinai Health (SH) staff and physicians (including senior Residents and Fellows engaged in teaching) are eligible for this award. Clinical Instructors of nursing groups are not eligible as they are not employed by SH when performing this role.

This award recognizes individuals who have gone above and beyond in their contribution to learner education through:

1. Serving as an excellent role model
2. Fostering a uniquely safe and challenging learning environment
3. Identifying, prioritizing and facilitating exceptional learning opportunities in collaboration with learners
4. Providing outstanding coaching and feedback that encourages reflection and growth

A strong nomination provides examples of these behaviours in all 4 areas.
