[Procedure QPCMI03001.](#)

Consultation Service:

A staff microbiologist is available at all times for consultation on any aspect of Microbiology.
For emergency consultations after hours, a microbiologist can be reached through
Locating: **416-340-3155 at UHN and 416-586-5133 at MSH.**

Lab Results Reporting:

All lab results are entered immediately into the Laboratory Information System (LIS) as soon as they become available. Results are then viewable on the corresponding Hospital Information System (HIS) for those hospitals interfaced to the LIS. Otherwise, paper reports are issued to all institutions not interfaced to the LIS. STAT results, critical and urgent positive results are called directly to the wards and/or ordering physician (Refer to Reporting of Critical and Urgent Results).
